

Name-Surname: Dr. Jutamat Jintana

Phone: 081 044 3440

E-Mail: jutamat.jintana@gmail.com, jutamat.jintana@cmu.ac.th

Areas of Expertise

- Logistics and Supply Chain Management
- Logistics Performance Measurement
- Transportation and Distribution
- International Logistics
- Decision Making for Engineering
- Data Analytics for Engineering
- Packaging Technology and Design
- Data Mining and Application

1. Current Position	Lecturer, Department of Pharmaceutical Care, Faculty of Pharmacy, Chiang Mai University
2. Contact Address	Department of Pharmaceutical Care, Faculty of Pharmacy, Chiang Mai University 239 Huay Kaew Road, Suthep, Mueang, Chiang Mai 50200, Thailand
3. Contact Number	Mobile: 081 044 3440 Office: +66 5394 1300 Fax: +66 5321 7143
4. Education	● Ph.D. in Industrial Engineering, Faculty of Engineering, Chiang Mai University (2021) ● M.Eng. in Logistics and Supply Chain Management Engineering, Faculty of Engineering, Chiang Mai University (2012) ● B.Sc. in Packaging Technology, Faculty of Agro-Industry, Chiang Mai University (2010)

5. Work Experience (Past Positions)	● 2022-2025: Master's Degree Program Coordinator, Data Science and Innovation, Faculty of Innovative Technology and Creativity, Far Eastern University ● 2021-2022: Lecturer, Bachelor's Degree Program in Logistics Engineering, Faculty of Innovative Technology and Creativity, Far Eastern University ● 2015-2020: Project Engineer / Researcher, Center of Excellence in Logistics and Supply Chain Management, Chiang Mai University; Ph.D. Student in Industrial Engineering, Faculty of Engineering, Chiang Mai University ● 2012-2014: Project Engineer / Researcher, Supply Chain and Logistics Management Research Unit, Faculty of Engineering, Chiang Mai University
6. Courses Taught and Lecture Topics	<u>Master's Degree</u> ● Business Digital Innovation Management ● Research Methodology for Data Science and Digital Innovation ● Information System for Business <u>Bachelor's Degree</u> ● Engineering Drawing ● Procurement Management ● Supply Chain and Logistics Management ● Transportation and Distribution Management ● Material Handling and Packaging Systems Management ● Global Supply Chain and Logistics Management ● Supply Chain and Logistics Performance Measurement ● Supply Chain and Logistics Research Methodology ● Medication Management System and Hospital Accreditation ● Biostatistics for Pharmaceutical ● Digital-Era Pharmacy Management

	● Public Health and Medicine Logistics Management <u>Lecture Topics</u> ● Information Systems for Supply Chain and Customer Relationship Management ● Activity-Based Costing Management ● Supply Chain Simulation with the "Beer Game" ● Packaging Design / Introduction to Adobe Illustrator (Ai) ● Data Mining Techniques and Use of RapidMiner Studio ● Special Topic: Production Design and Innovation / House of Quality (QFD) ● Selling Techniques on Shopee ● Data-Driven Organization Management ● Incoterms 2020 for Import-Export Entrepreneurs
7. Published Research	<u>International Journal (Web of Science)</u> ● Ramingwong, S., & Jintana, J. (2026). Investigating the Potential and Performance of Generative AI for a Vehicle Routing Problem. <i>Logistics</i>, 10(6), 120. ● Kanjina, K., Ramingwong, S., Charoenchai, N., Jintana, J., & Sampattagul, S. (2026). Carbon footprint data flow process improvement for strawberry jam tube product by lean techniques. <i>Sustainability</i>, 18(6), 2738. https://doi.org/10.3390/su18062738 ● Ramingwong, S., Sampattagul, S., & Jintana, J. (2025). Economic Viability of Electric Bus Adoption for Public Transportation in Thailand: A Monte Carlo Simulation Approach. <i>Logistics</i>, 9(2), 60. ● Ramingwong, S., Sopadang, A., Tippayawong, K.Y., and Jintana J., (2024). 8. Academic and Professional Work	● Researcher / Logistics Consultant, Logistics and Supply Chain Management Capacity Building Project under the Sustainable Business Efficiency Improvement Project for Industrial Entrepreneurs through Effective Logistics Management (Regional Industrial Promotion Center 1, Department of Industrial Promotion, Fiscal Year 2025) — consulting for M.B.D. Surgical Supply Co., Ltd. ● Researcher, Hub of Talents - Plasma Technology Roadmap Development Project, under the Hub of Talents for Sustainable Plasma Technology Center (2024) ● Logistics Consultant, Logistics and Supply Chain Management Capacity Building Project under the Sustainable Business Efficiency Improvement Project for Industrial Entrepreneurs through Effective Logistics Management (Regional Industrial Promotion Center 1, Department of Industrial Promotion, Fiscal Year 2023) — consulting for Chaipayat Transport Co., Ltd. (Green Bus) / Newchoke-Amnuay Co., Ltd.

- Researcher, Smart Transportation and Traffic Management Strategy Development Project for Nimmanhaemin Road Area for Safety and Economic Stimulation — Subproject: Nimmanhaemin Area Data Collection and Potential Analysis (2023)
- Researcher, Community Innovation Development Project for Cultural Capital Management, Chom Thong District, Chiang Mai, to Enhance Grassroots Economy and Local Awareness in the New Normal Era (TSRI, 2022)
- Project Manager, New Generation Graduate Program (Batch 2): "Learning Media Development Program to Build Learner Competency in the Digital Era", Far Eastern University (2023)
- Consultant, IRDCap Project (Phase 0.5), TAKAWA Construction Factory (2023)
- Consultant, Business Efficiency Improvement Project for Industrial Entrepreneurs through Effective and Sustainable Logistics Management, Fiscal Year 2022 — consulting on logistics efficiency improvement and cost reduction for Smile Medical Supply and Homemall Co., Ltd. (2022-2023)
- Project Manager, New Generation Graduate Program (Batch 1): "Learning Media Development Program to Build Learner Competency in the Digital Era", Far Eastern University (2022)
- Research Team Member, Lancang-Mekong Cooperation Pool Logistics Project 2021: Website Application for Collecting Logistics Provider Information to Support Cross-Border Business (Faculty of Innovative Technology and Creativity, Far Eastern University) (2021-2023)
- Lecturer, Logistics Engineering Program, Faculty of Innovative Technology and Creativity, Far Eastern University, Chiang Mai (2021)
- Logistics and Packaging Consultant, "Pan Dao" Project (OSMEP) and Chiang Mai University (2021)
- Teaching Assistant, IT for Logistics and IT for Industrial Management courses (2018-2021)
- Project Engineer, "Innovation Road Map Project for the Rice Industry" (2017)

- Project Engineer, "Project for Developing In-Depth Economic Crop Information Systems for Production Planning and Appropriate Zoning" under the Northern Food Valley Project, Upper Northern Region Group 1
- Project Manager and Engineer, "Project to Establish Lampang Province as a Land Transport and Logistics Hub of the North" (2016)
- Project Engineer, "Enhancing Logistics and Supply Chain Management Capacity of Industrial Component Manufacturing Enterprises to Become an AEC Production Base (Automotive and Auto Parts Industry, and Electrical Appliances and Electronics Industry)" (2015)
- Manager, Center of Excellence in Logistics and Supply Chain Management, Chiang Mai University (2014)
- Manager / Project Engineer, Integrated Transport and Logistics Management System Development Project for Tourism through Information Systems, Fiscal Year 2013 (2013)
- Project Engineer, Trend Survey and Proactive Market Research Project for Entrepreneurs with Readiness and Potential, under the Innovation Strengthening Project for Entrepreneurs in the Upper Northern Provincial Group 1, Fiscal Year 2012 (2012)
- Project Engineer, Meeting, Training, and Seminar Organization under the Logistics Management System Development Project for the GMS-Linked Provincial Group, Upper Northern Region Group 1 (Chiang Mai, Lampang, Lamphun, Mae Hong Son) (2011)
- Assistant Expert, Software Development Project for Logistics Efficiency Improvement for Entrepreneurs under the Logistics Management System Development Project for the GMS-Linked Provincial Group, Upper Northern Region Group 1 (Chiang Mai, Lampang, Lamphun, Mae Hong Son) (2011)
- Research: "The Selection of Public Transportation System in Chiang Mai Province for Tourists" (2011-2012), Department of Industrial Engineering, Logistics and Supply Chain Engineering, Faculty of Engineering, Chiang Mai University

	● Research: "On Logistics Potential Review of Thailand: The Context of Greater Mekong Sub-Region's North-South Economics Corridor" (2010), Department of Industrial Engineering, Logistics and Supply Chain Engineering, Faculty of Engineering, Chiang Mai University ● Research on Target Industry Selection, Project on Formulating Thai Industrial Development Strategy in the Western Area along the East-West Economic Corridor (2010)
9. Training	● Practical Data Mining with RapidMiner Studio ● Professional Infographic Creation ● Good Manufacturing Practice (GMP) and Hazard Analysis Critical Control Point (HACCP), 10-14 March 2010 ● Business Strategy Adjustment through Digital Transformation, 8 June 2021, 09:00-16:00 ● Introduction to Industry 4.0: Background & Environments, 20 July 2021, 10:00-12:00 ● The Implementation Challenges of Industry 4.0, 20 July 2021, 13:00-15:00 ● Introduction to Smart Factories, 23 July 2021, 09:00-11:00 ● Digital Supply Chain, 23 July 2021, 13:00-15:00 ● The Role of Big Data Analytics in Industry 4.0, 13 August 2021, 10:00-12:00 ● Industrial IoT - Application and Case Studies (Hive Ground Robotic Solutions), 13 August 2021, 13:00-15:00 ● "SMEs COVID-19 Crisis Preparedness Program through Strengthening Industrial Logistics and Supply Chain Collaboration", Department of Industrial Promotion ● Cyber Physical System and the Next Generation of Sensors, 17 August 2021, 09:00-12:00 ● Cooperative and Work-Integrated Education (CWIE) Development, May 2022 (with certificate)

- SME Export Promotion Program: "Expert Export - Pathways to Success through Trade Privileges", 19 September 2022
- Outcome-Based Education (OBE) Training, 10-11 November 2022
- Research Ethics in Human Subjects Training (with certificate), 31 December 2022
- New Researcher Development Program ("Look Kai") Batch 10, 24-28 April 2023 (with certificate)
- IP for Business Innovation (IP 101) Training, NIA Academy MOOC Module, 19 June 2024 (with certificate)
- Training on "Application of Data Mining to Solve Real Problems with Big Data" by Assoc. Prof. Dr. Todsapon Boonkoen, Aberystwyth University, 3 August 2024
- E-Commerce Strategy and Cross-Border E-Commerce Platform Training, SME Potential Incubation and Upgrading Program for Thai Soft Power to Empower Thai Businesses Internationally, by DITP, 9-10 September 2024 (online)
